Nutmeg County, an exotic Plantation Homestay is a perfect place for you to rest, relax and rejuvenate your mind and body.

The century-old ancestral mansion of Vallamattam family is an exquisite architectural beauty perched on the banks of a resplendent crystalline stream. Erected according to the classical "vastu" norms of antiquity, this tiled structure is one of the most eco-conscious modes of construction available anywhere. Employment of the most elegant varieties of native wood adds to the charm of the building. The babbling brook which meanders by is a feast for the eyes of anyone who loves nature.

It is an Organic Farm that produces fish, meat, eggs, milk, fruits and vegetables. Located in the midst of a nutmeg plantation, the place has a lot to offer to the city dweller. You can experience the cool and calm atmosphere, fresh water swimming pool, natural water stream, variety of fruit trees, birds, goat farm, cattle farm, poultry, fish pond, beehives, rubber plantation, rubber processing,

toddy tapping, verdurous vegetation etc..., that are all a rare phenomena in city life. The farm has a rich collection of medicinal plants and spices like nutmeg, pepper, cinnamon, cloves, ginger and turmeric.
